1	MS. LOOCKE: Yes, it is foremost in my mind.			
2	MR. MacWILLIAMS: Got it.			
3	Q. (By Mr. MacWilliams) Doctor, the reference to			
4	thalidomide at the Schmidt trial, the reference to the			
5	top three, did you have any discussions with anybody so			
6	far that we haven't talked about today that relate to			
7	that subject of, relating to the jury that Depakote was			
8	in the top three most teratogenic drugs on the market			
9	in the US?			
10	MS. LOOCKE: Objection.			
11	Q. (By Mr. MacWilliams) In preparation for the			
12	trial, any discussions you haven't already told me			
13	about?			
14	MS. LOOCKE: Objection, form and scope.			
15	A. Not that I am aware of.			
16	Q. (By Mr. MacWilliams) How did you arrive at			
17	that list?			
18	A. Based on my understanding of the causes of			
19	birth defects and it is obviously a it is my			
20	personal interpretation of those. I know that			
21	thalidomide is a terrible drug, taken off the market			
22	for many, many years and it is back on the market in			
23	very limited circumstances but it is back on the			

And Accutane is another powerful cause of

market.
